ABOUT CORIZO

Corizo is an edtech platform that helps students with internships, professional training programs, career guidance, and mentorship. Their aim is to bridge the gap between formal education and the ever changing requirements of the industry.

Their platform helps students discover programs, and get trained in their fields of interest with the latest market requirements.

CORIZO

Empowering Tomorrow's Leaders

WHAT IS WEB DEVELOPMENT

??

- Web Development is the building and maintenance of websites to make sure they look good, perform well, work fast, and offer a seamless user experience. In today's internet-savvy world where every business is seeking a digital presence, web development skills are in high demand globally and well paid too. This makes Web development a great career choice as well. In addition to that, web development is an easily accessible professional field as you are not required to have a traditional university degree to enter into this field and become qualified for the role of a web developer. Web development is broadly broken down into two fields i.e., front-end development and back-end development. The front-end developers use JavaScript, HTML, and CSS to look after the design, layout, and interactivity of the website. Back-end developers make sure that the application, server, and database are running smoothly together, using computer programs.

- CSS is another core language that plays a fundamental role in front-end development. This course introduces you to the programming language CSS3 and helps you gain an understanding of concepts like Syntax, CSS Layout, CSS Grid, FlexBox, and Media animations.
- This full-stack web development course equips you to use tools necessary for web development like – JQuery, Database Management, Node Js, and MongoDB.
- It teaches you functional programming, object-oriented programming, error handling, refactoring & debugging, database modeling, and much more.

PROBLEM STATEMENT:

WEB DEVELOPMENT MAJOR PROJECT

Title-Social Media App/Website

Social media is all that we are surrounded by in today's world. There are a lot of social media apps and websites that we use in our daily lives like Instagram, Facebook, Snapchat, etc. A very good full-stack project can be developing your own social media app. A social media app/website is not like a chat application. Here, people can post an image/video/text, and others can like/dislike, comment, and share them. It is like forming a network of people. This project is a very good project for the practice of both front-end and back-end

METHOD (APPROACH):

- **Tools and Languages:** We're like the architects of the internet! We'll use HTML and CSS to make the website look appealing and easy to use. For the techy stuff in the background, we're bringing in tools like Node.js to ensure everything runs smoothly.
- **How We'll Work:** Picture us as a team of superheroes. Each one has a specific job – fixing buttons here, arranging pictures there. We'll work together, step by step, making sure each part is perfect before moving on.
- **Testing:** Before we declare victory, we'll be like detectives searching for any hidden issues. We'll test the website thoroughly to ensure you won't face any problems while shopping.

sample screen shots of website

The screenshot shows a web browser window displaying a social media platform. The URL in the address bar is `C:/Users/VENU%20HARSHA/OneDrive/Desktop/social_project/index.html`. The page has a blue header with the logo "VEXX YOUR SOCIAL MEDIA PLATFORM". On the left sidebar, there are links for Latest News, Friends, Groups, Marketplace, Watch, and See More. Below this is a section for Your Shortcuts with links to Web Developers, Web Design Course, and Full Stack Development. The main content area features a "Post Story" button, profile pictures for Alison, venu, Ana-d, and VEXX, and a status update from Venu Harsha: "What's on your mind, Jack?". There are also sections for Events (Social Media on March 18, Mobile Marketing on March 22) and an Advertisement showing two women at a desk. A conversation sidebar on the right shows messages from Alison Mina and Weeknd.

sample screen shots of website

The screenshot shows a web browser window with two tabs open, both titled "VEXX Your Social Media Website". The active tab displays a social media platform interface with a blue header bar. The header includes the VEXX logo, navigation icons (bell, mail, video), a search bar, and a user profile picture.

On the left side, there is a sidebar with the following menu items:

- Latest News
- Friends
- Groups
- Marketplace
- Watch
- See More

Below the sidebar, there is a section titled "Your Shortcuts" with three items:

- Web Developers
- Web Design Course
- Full Stack Development

The main content area features a "Post Story" button with a plus sign, followed by five profile cards:

- Alison
- venu
- Ana-d
- Dr. Porsche GT
- VEXX

A central feed area shows a post from "Venu Harsha" (Public) with the placeholder text "What's on your mind, Jack?". Below the post are three options: "Live Video", "Photo/Video", and "Feeling/Activity".

At the bottom of the feed, there is a comment from "Venu Harsha" dated "AUG 22, 2023, 14:30" stating "he named his car--#Mghector #tuned" with a small image attached.

To the right of the main content, a vertical sidebar displays a user profile for "Venu Harsha" with the text "See your profile" and a toggle switch. Below the profile are several links:

- Give Feedback (Help us improve the new design)
- Settings & Privacy
- Help & Support
- Display & Accessibility
- Logout

At the very bottom, there is a "Conversation" section with messages from "Alison Mina" and "Weeknd".

sample screen shots of website

The screenshot shows a dark-themed social media platform interface. At the top, there's a navigation bar with tabs for "VEXX Your Social Media Website" and "File". The file path "C:/Users/VENU%20HARSHA/OneDrive/Desktop/social_project/index.html" is displayed. Below the navigation is a toolbar with icons for Apps, Gmail, YouTube, Maps, News, Translate, and a Home button.

The main content area features a sidebar on the left with icons for Latest News, Friends, Groups, Marketplace, Watch, and See More. It also lists "Your Shortcuts" for Web Developers, Web Design Course, and Full Stack Development.

The central feed area shows a "Post Story" card for Alison, a photo of a red sports car for venu, a video thumbnail for Ana-d, and a video thumbnail for VEXX. A post from Venu Harsha is visible, showing a profile picture and the text "What's on your mind, Jack?". Below the post are options for Live Video, Photo/Video, and Feeling/Activity.

On the right side, there's a user profile for "Venu Harsha" with a "See your profile" link and a toggle switch. Below the profile are links for Give Feedback, Settings & Privacy, Help & Support, Display & Accessibility, and Logout. A "Conversation" section shows messages from Alison Mina and Weeknd.

sample screen shots of website

The screenshot shows a web browser window titled "Vexx your Social Media Website" displaying a profile page. The URL in the address bar is "C:/Users/VENU%20HARSHA/OneDrive/Desktop/social_project/profile.html". The browser interface includes standard navigation buttons, a search bar, and a bookmarks bar.

The main content area features a large, high-quality image of a dark-colored BMW sedan (likely a 5 Series) parked in front of a modern building with vertical cladding. Below the image is a user profile card for "VENU". The profile card includes:

- A thumbnail photo of a man with glasses.
- The name "VENU" in bold black text.
- The text "120 Friends - 20 mutual".
- Small profile icons for four friends.
- Two prominent buttons: "Friend" (white background with blue border) and "Message" (blue background with white border).
- A small "More" options menu icon (three dots) in the bottom right corner of the card.

sample screen shots of website

The screenshot displays a web browser window with the following details:

- Address Bar:** C:/Users/VENU%20HARSHA/OneDrive/Desktop/social_project/profile.html
- Toolbar:** Includes icons for File, Back, Forward, Home, and various system controls.
- Search Bar:** A search bar with a magnifying glass icon and the placeholder "Search".
- User Profile:** A circular profile picture of a person with a green dot indicating online status.
- Left Sidebar:** Features the VEXX logo and the text "TOUR SOCIAL MEDIA PLATFORM". It includes three icons: a bell, an envelope, and a video camera.
- Profile Section:** Shows the user's name "VENU HARSHA" and status "Public". Below it is a placeholder text "What's on your mind, venu?".
- Post Section:** A post by "Venu Harsha" from "AUG 22, 2023, 14:30" with the caption "He named his car--- #911GT3RS #MGHECTOR".
- Photo Grid:** A grid of nine thumbnail images showing various cars and a silhouette of a person.
- Bottom Navigation:** A horizontal bar with icons for Live Video, Photo/Video, and Feeling/Activity.

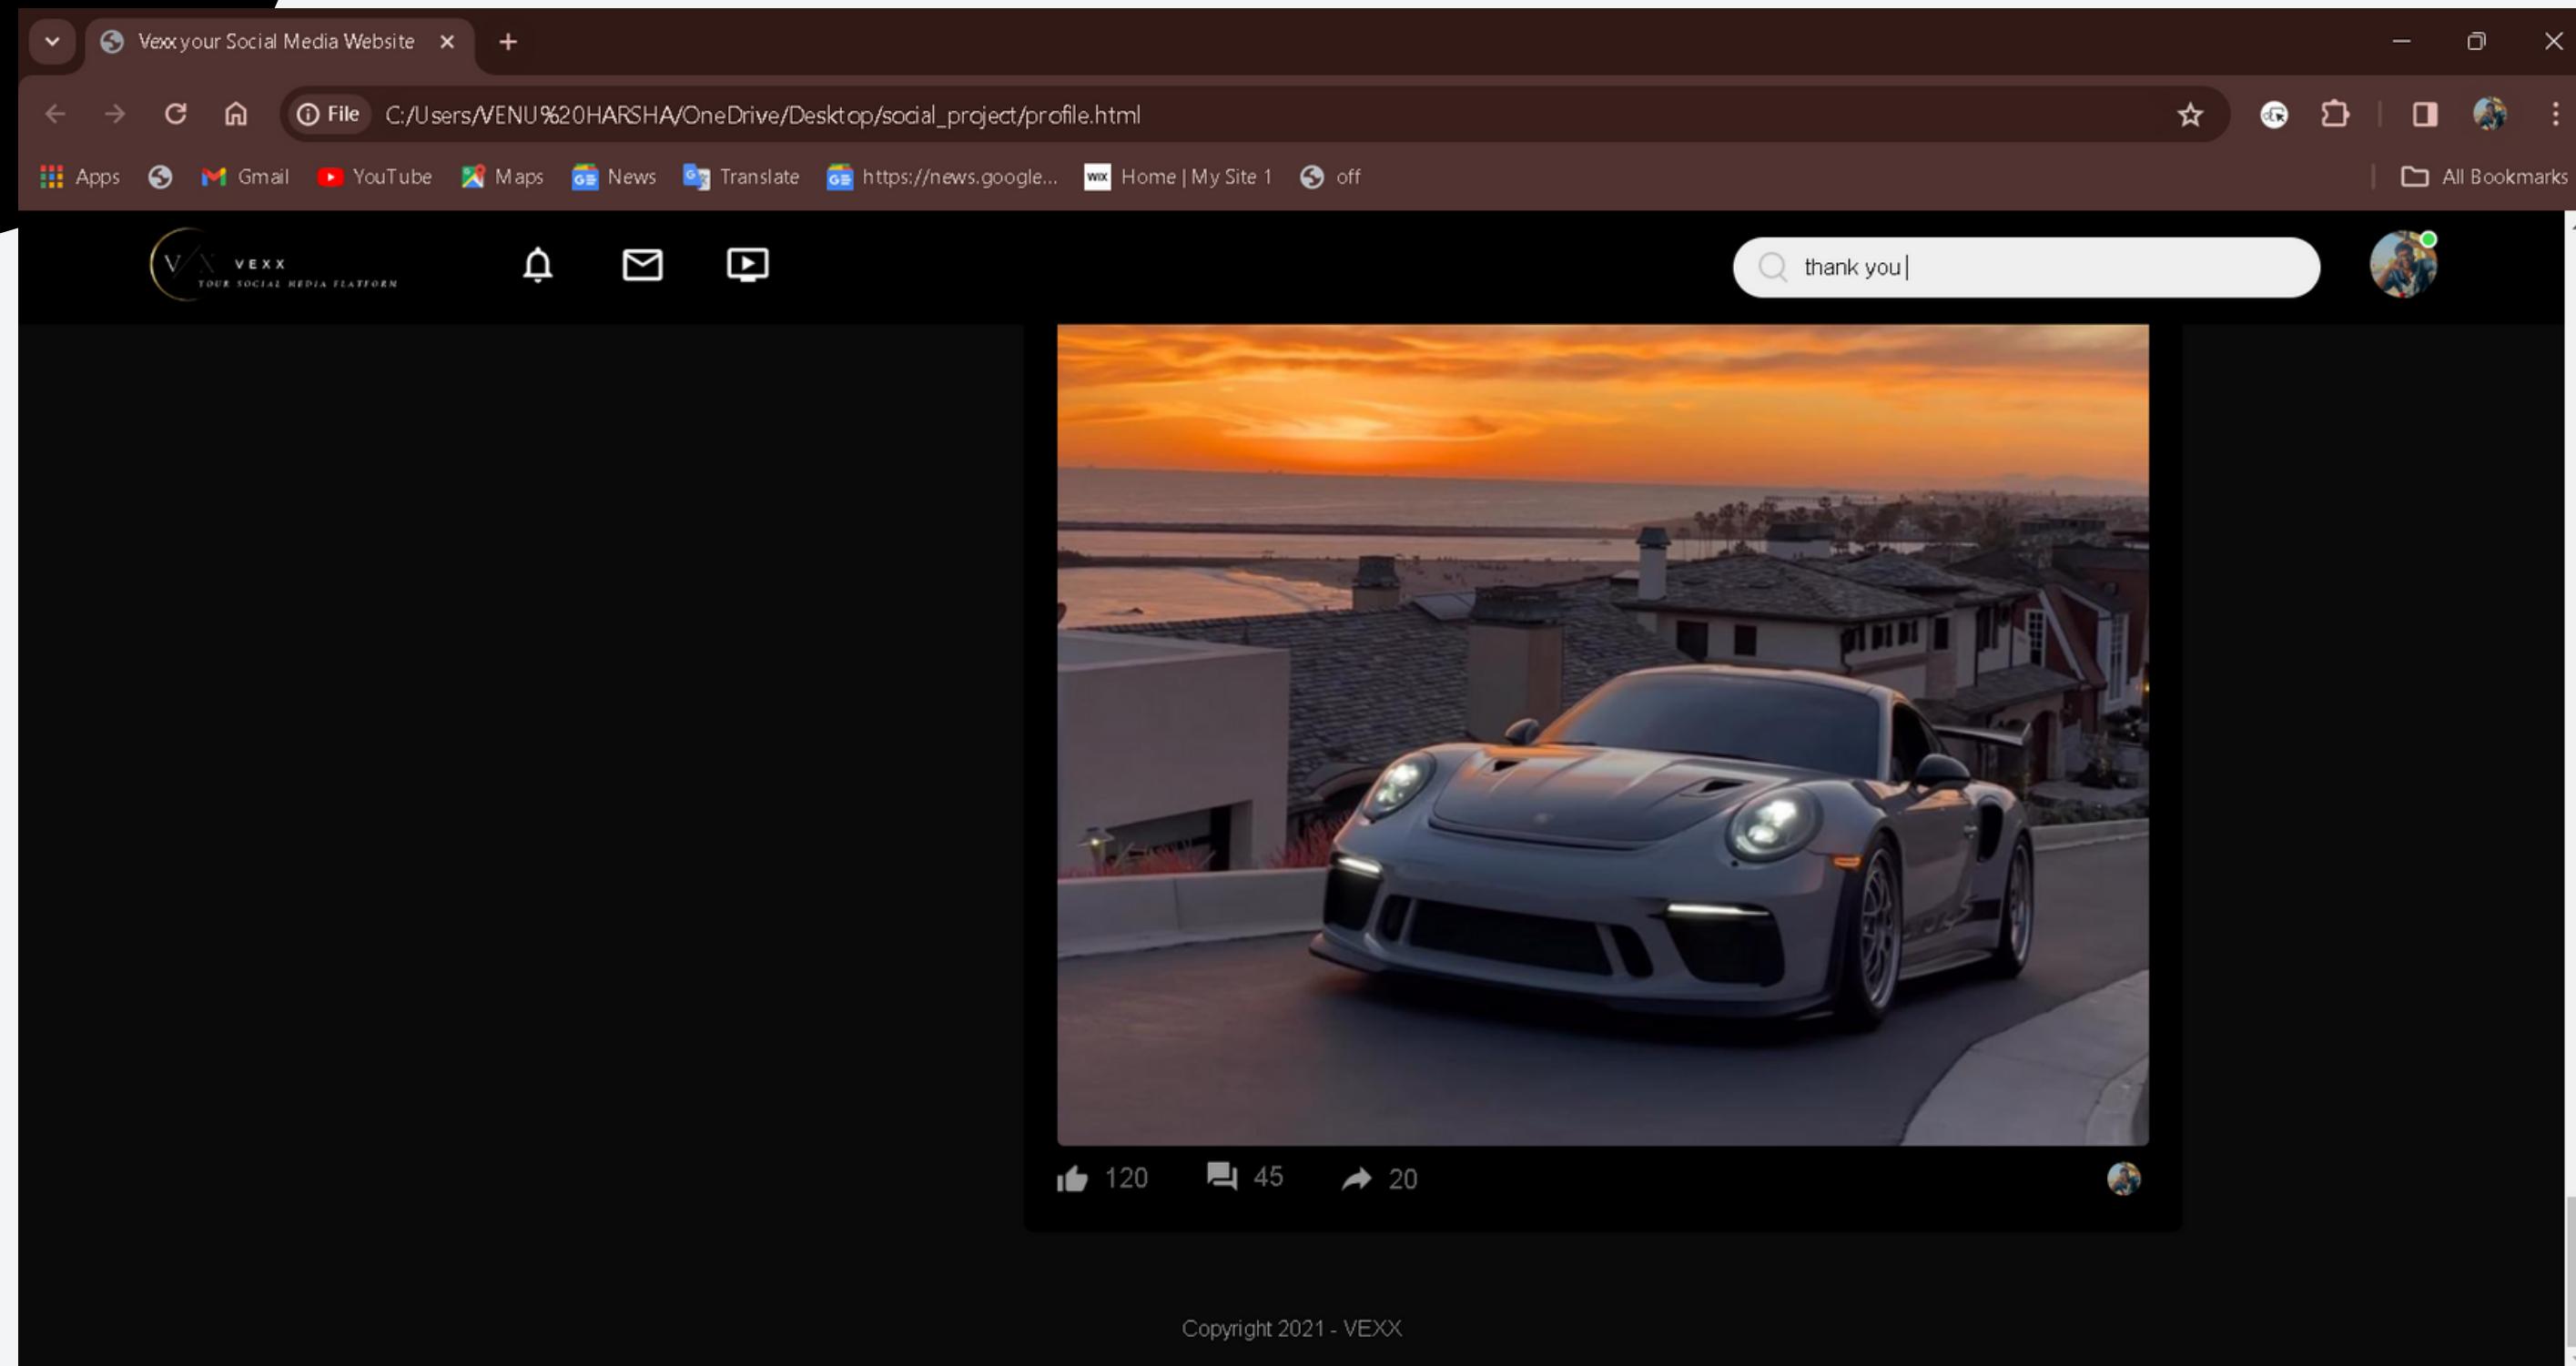

sample screen shots of website

The screenshot shows a web browser window displaying a social media application. The address bar indicates the file path: C:/Users/VENU%20HARSHA/OneDrive/Desktop/social_project/profile.html.

The interface includes a top navigation bar with icons for File, Home, Back, Forward, Stop, Refresh, and other browser functions. Below the bar is a toolbar with links to Apps, Gmail, YouTube, Maps, News, Translate, and a local file. A search bar labeled "Search" is also present.

The main content area features a dark-themed layout. On the left, there's a sidebar titled "Friends" showing 120 mutual friends, with a grid of profile pictures and names including Joseph N, weeknd, Ana-d, Batman L, Anthony E, Harsha, Jay, Abel, and Ferrari. To the right of the sidebar is a large image of a person standing next to a white SUV. Below this image are engagement metrics: 120 likes, 45 comments, and 20 shares. At the bottom of the page, a post by user JVenu Harsha from Aug 22, 2023, at 14:30, with the caption "pizzabythebay #Mumbai #Marinedrive", is displayed, along with a thumbnail image of a person looking out of a window.

126            <div></div>
...           ...           ...

```

sample screen shots of Css code

The screenshot shows a dark-themed code editor window with a sidebar on the left containing various icons. The main area displays a CSS file named style.css. The code defines a global style for the root element and a class for a dark theme. It also styles the body and a navigation element.

```
*{
    margin: 0;
    padding: 0;
    box-sizing: border-box;
    font-family: 'poppins', sans-serif;
}

/* -----dark mode----- */

:root{
    --body-color: #eefefef;
    --nav-color: #1876f2;
    --bg-color: #fff;
    --primary-color: #edf2fc;
    --secondary-color: #212121;
}

.dark-theme{
    --body-color: #0a0a0a;
    --nav-color: #000;
    --bg-color: #000;
}

body{
    background: var(--body-color);
    transition: background 0.3s;
}

nav{
    display: flex;
    align-items: center;
    justify-content: space-between;
    background: var(--nav-color);
    padding: 5px 5%;
    position: sticky;
    top: 0;
}
```

At the bottom of the editor, there are status indicators for Restricted Mode, line numbers, and file statistics like 0△0 and 0▲0. The bottom right corner shows the file type as CSS.

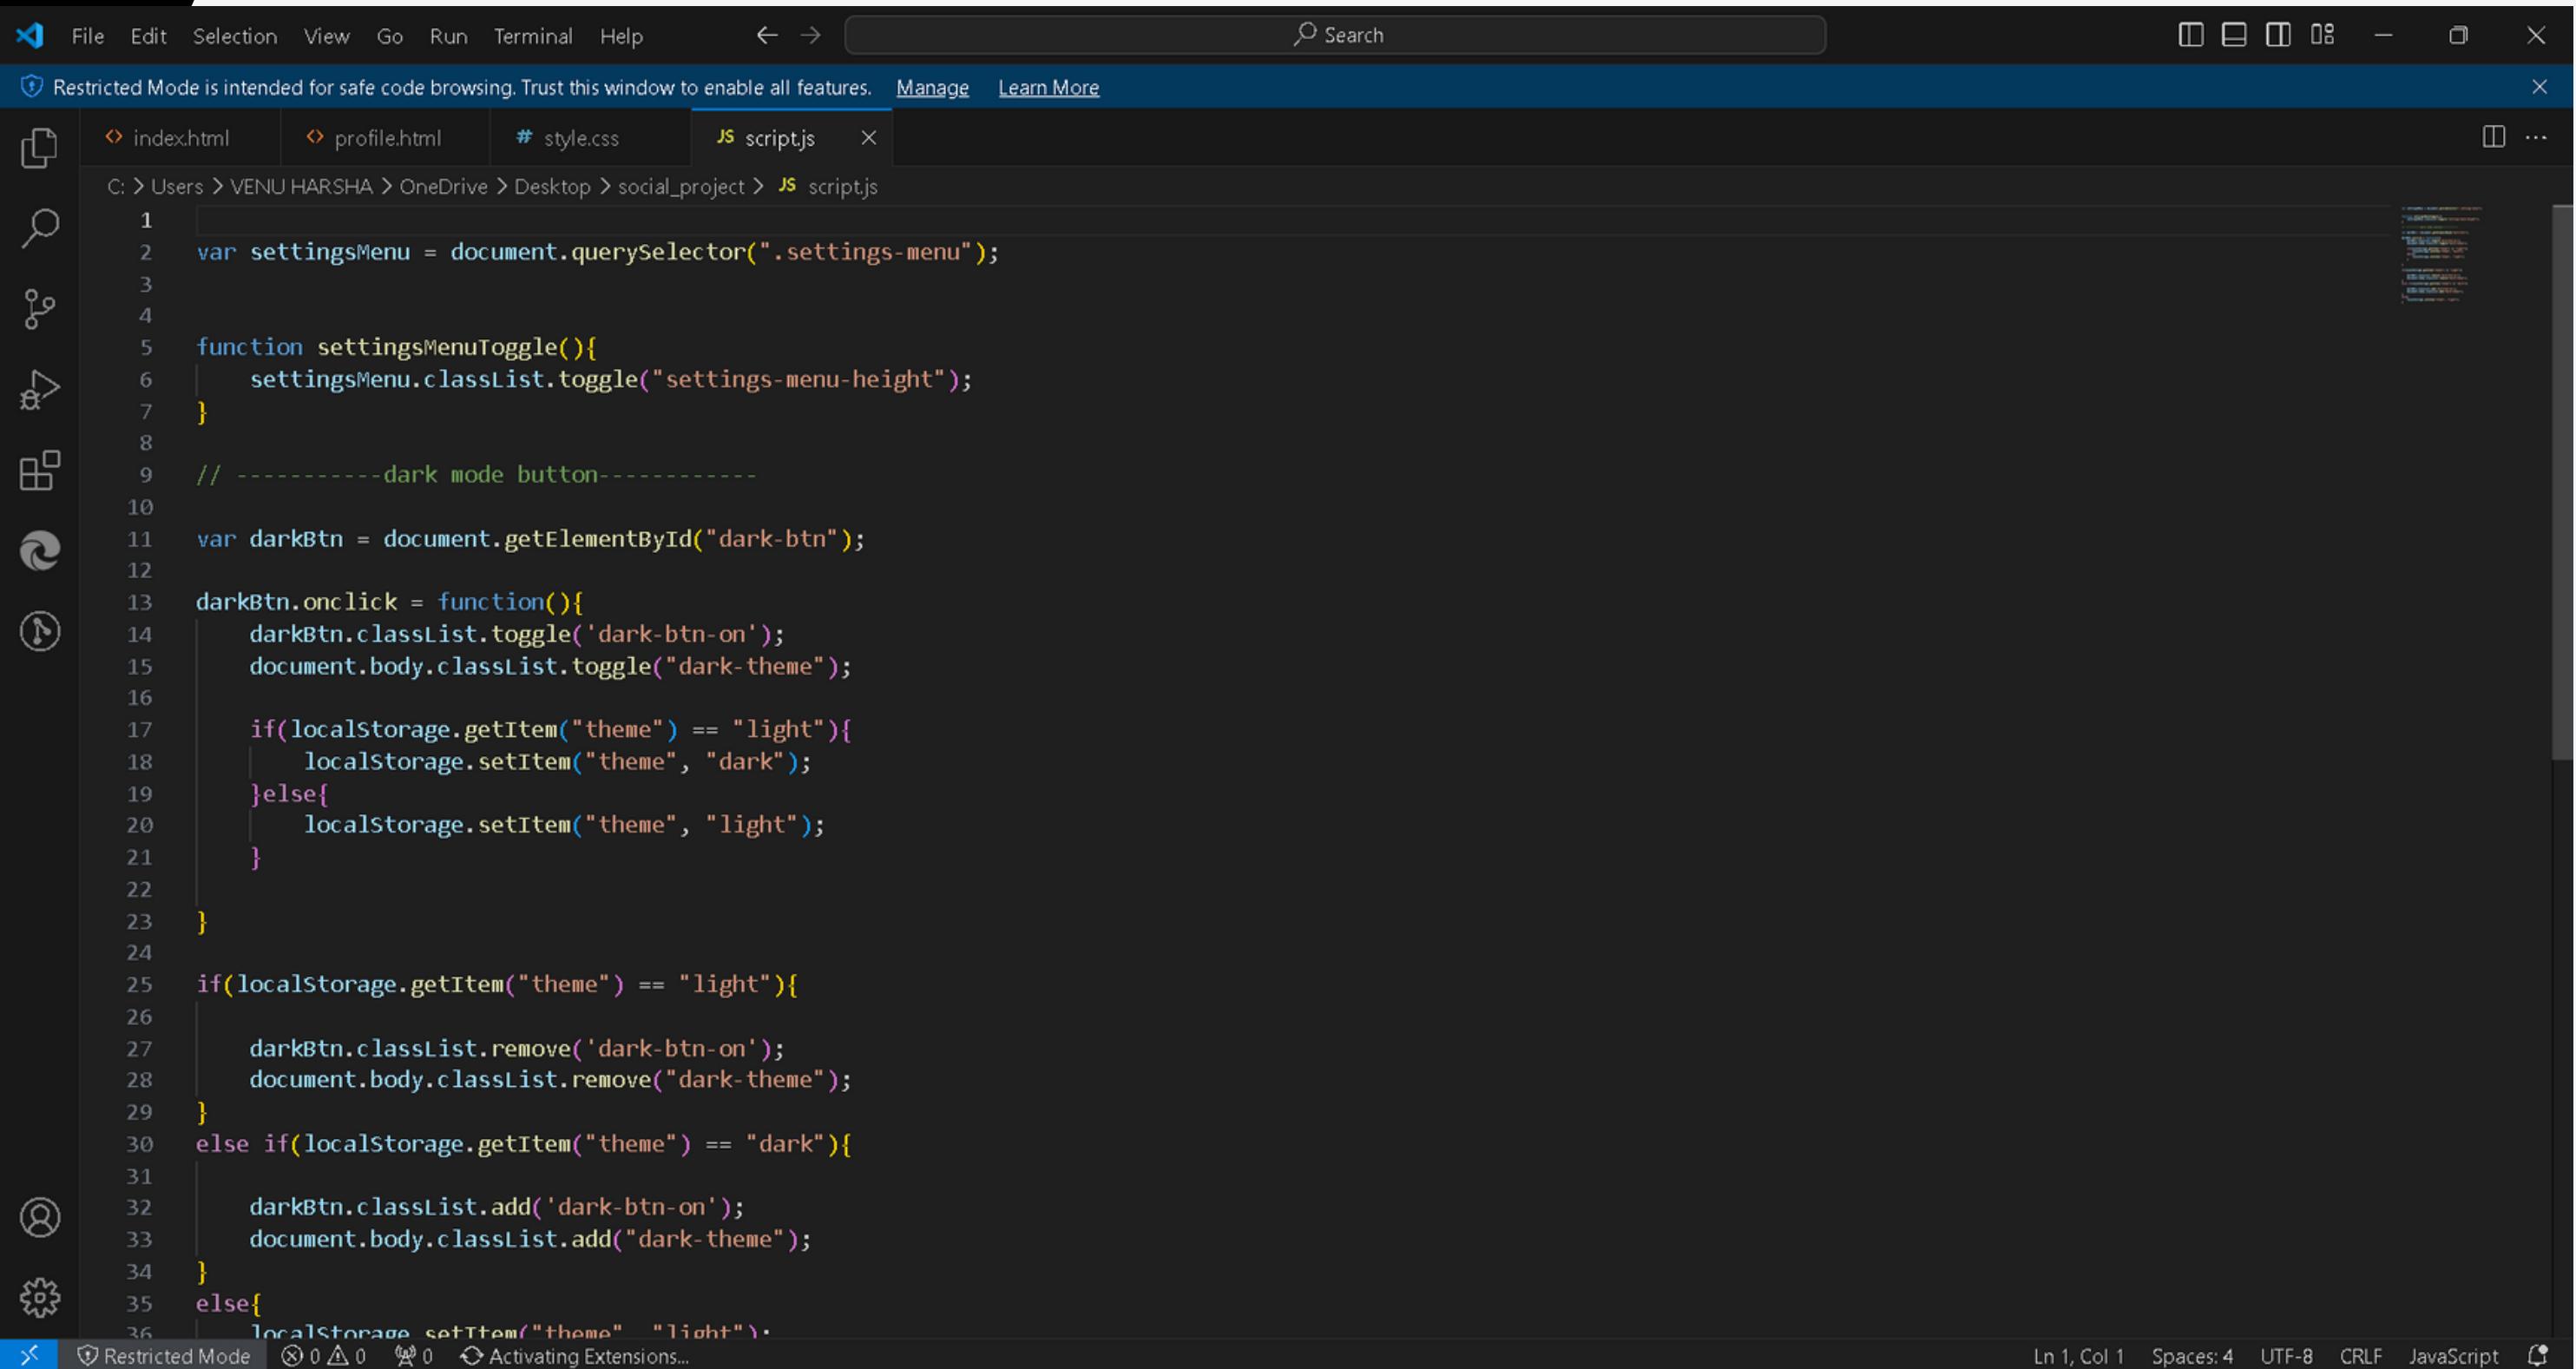

sample screen shots of Css code

A screenshot of a code editor window displaying CSS code. The editor has a dark theme with light-colored syntax highlighting. On the left, there is a vertical toolbar with icons for file operations like copy, paste, search, and refresh. The main area shows the file path: C:\Users\VENU HARSHA\OneDrive\Desktop\social_project\# style.css. The code itself is as follows:

```
C:\> Users > VENU HARSHA > OneDrive > Desktop > social_project > # style.css > 108
108 .right-sidebar{
109     flex-grow: 1;
110 }
111 .main-content{
112     /* background: #cbdff4; */
113     flex-basis: 47%;
114 }
115 /* -----left sidebar----- */
116 .imp-links a, .shortcut-links a{
117     text-decoration: none;
118     display: flex;
119     align-items: center;
120     margin-bottom: 30px;
121     color: #626262;
122     width: fit-content;
123 }
124 .imp-links a img{
125     width: 25px;
126     margin-right: 15px;
127 }
128 .imp-links a:last-child{
129     color: #1876f2;
130 }
131 .imp-links{
132     border-bottom: 1px solid #ccc;
133 }
134 .shortcut-links a img{
135     width: 40px;
136     border-radius: 4px;
137     margin-right: 15px;
138 }
139 .shortcut-links p{
140     margin: 25px 0;
141     color: #626262;
142 }
```

The status bar at the bottom indicates "Ln 1, Col 1" and "Spaces: 4". There are also buttons for "CRLF" and "CSS". A "Restricted Mode" indicator is visible in the bottom-left corner.

sample screen shots of js code

The screenshot shows a browser-based code editor interface. At the top, there's a navigation bar with File, Edit, Selection, View, Go, Run, Terminal, Help, and a search bar. Below the navigation bar, a message says "Restricted Mode is intended for safe code browsing. Trust this window to enable all features." with links to Manage and Learn More. The main area displays a file named "script.js" with the following content:

```
1 var settingsMenu = document.querySelector(".settings-menu");
2
3
4 function settingsMenuToggle(){
5   settingsMenu.classList.toggle("settings-menu-height");
6 }
7
8 // -----dark mode button-----
9
10 var darkBtn = document.getElementById("dark-btn");
11
12 darkBtn.onclick = function(){
13   darkBtn.classList.toggle('dark-btn-on');
14   document.body.classList.toggle("dark-theme");
15
16   if(localStorage.getItem("theme") == "light"){
17     localStorage.setItem("theme", "dark");
18   }else{
19     localStorage.setItem("theme", "light");
20   }
21 }
22
23 }
24
25 if(localStorage.getItem("theme") == "light"){
26
27   darkBtn.classList.remove('dark-btn-on');
